In accordance with the BSA Camp Standards, all medications brought from home must be stored in the Camp Health Lodge (except for **EPIPENS, RESCUE INHALERS, ANGINA MEDICATIONS, & INSULIN**). However, the Camp, its Staff, and the Cradle of Liberty Council assume no responsibility for administering medications from home. The taking of prescription medication is the responsibility of the individual taking the medication and/or that individual's parent or guardian. A unit leader, after obtaining all the necessary information, can agree to accept the responsibility of making sure a youth takes the necessary medication at the appropriate time, but BSA does not mandate or necessarily encourage the leader to do so. Any youth campers requiring injectable medications should be able to administer these medications themselves or have an adult leader/parent/guardian available that would be able to administer these medications for them.

I give permission for the above Scout/Scouter to receive from storage and to take the above noted medications brought from home, as directed and as listed above.
